

SMALL BUSINESS FINANCING WITH THE VSBFA

The Virginia Small Business Financing Authority (VSBFA) is the Commonwealth of Virginia's economic development and business financing arm. VSBFA helps banks make loans to businesses that can demonstrate repayment ability, but where the bank needs additional collateral support or a more robust secondary repayment source by providing:

- Cash Collateral
- Subordinate Companion loans
- Guaranties
- Loan loss reserves

There will also be a panel of lending experts to answer additional questions about financing your business!
