WHERE: SOUTH COUNTY LIBRARY

6303 MERRIMAN ROAD, ROANOKE, VA 24018

Advanced registration at: <https://events.vastartup.org>

The methods that small businesses use to market and promote their enterprises have changed dramatically over the years. Today's owners must become modern-day digital marketers skilled in a variety of areas, including copy writing, video production/streaming, creative content, social media and more.

Roanoke County Economic Development and City of Roanoke Economic Development have partnered with Virginia Community Capital to present a workshop focused on helping small businesses learn about resources, opportunities, technology and more to promote their business in this century.
